Dear Mr. Watkins:

Thank you for the framed photograph of the EROS Data Center which Senator Larry Pressler presented to me on your behalf when we met at the White House last month. I appreciate your thoughtful remembrance and am pleased to have had the opportunity to share in commemorating the Center's tenth anniversary.

Senator Pressler mentioned the outstanding work being done at the Center and made several suggestions about our receiving and processing capabilities for the French SPOT.

Again, thank you for your kindness, and I will continue to work closely with Senator Pressler on these matters. My best wishes to you and your colleagues.

Sincerely,

Ronald Reagan
